THE GRANGE
TREATMENT CENTRE

The Grange Treatment Centre – Adult Clinic

When life has become too heavy to carry alone,
this is where you put it down. There's a
moment many people reach quietly when
functioning replaces living, when hope feels
distant and when the cost of continuing the
same way finally outweighs the fear of change.

The Grange Treatment Centre exists for that
moment. Set in a calm, private environment,
The Grange Treatment Centre offers
something many clients haven't felt in a long
time. Space to breathe, Space to sleep, Space
to think clearly, free from substances chaos.

Here you are not rushed, shamed or reduced
to a diagnosis. You are met with respect,
warmth and experienced professionals who
understand how complex and painful this
journey can be.

Healing here is not passive. With guidance and
support, real effort is made and meaningful
work is done at a pace that is steady,
supportive and honest.

For many it's the first time in years they feel
truly safe, supported and capable of
moving forward.

Our program

Our comprehensive 6 week program is designed to address the unique needs of each client.

Central to our approach is a blend of group therapy, individual counselling, and psychoeducation, family systems therapy, fostering both personal growth and communal support.

Clients engage in various therapeutic modalities ensuring a well-rounded recovery experience.

Our structured schedule promotes accountability and routine, empowering individuals to actively participate in their healing journey.

Through this intensive and supportive environment, we aim to equip clients with the tools and skills necessary for lasting recovery.
